EN Marne is the result of a fusion of research and technology. A cement project, born of our internal research, produced with the most sophisticated digital technologies, the definition and sharpness of the surfaces are enhanced by the full-body colourful mixture that penetrates in the matter, blending with it.

FR Marne résulte d'une fusion entre le goût, la recherche et la technologie. Issu de notre recherche interne, ce projet de ciment a été réalisé avec les technologies numériques les plus sophistiquées. La définition et la netteté des surfaces sont valorisées par le mélange coloré dans la masse, qui pénètre dans la matière pour mieux se fondre en elle.
